

A World of Our Own  
Rivers and Mountains  
What would be the most  
incredible place to explore?

Year 4 – Spring Term 2026

This term we are focussing the majority of our learning on mountains and rivers underpinned with geography learning. The children will be developing their understanding of mountains and rivers, their formation, their features and their geographical locations.

Here is some information to help you support your child's learning throughout the Spring Term.

You could help your child at home by...

- *Supporting your child each week with their homework, which will include maths, TTRS and reading.*
- *Encouraging your child to read daily and discussing their reading with them. This can include sharing stories.*
- *You could use the internet to find out more about rivers, the water cycle and where mountains are located.*
- *Download the Times Table Rockstar app onto your tablet or phone and allow your child to use it to practise their times tables. If you need reminding of their logins, please ask their class teacher.*
- *Ensure your child relaxes at the end of a school day and gets an early night.*

Spring first half term PE days in Year 4 are:  
Thursday and Friday

Spring second half term PE days in Year 4 are:  
To be decided.

**Please send your child to school in their PE Kit.**

Please contact the Year 4 Team if you would like any more information or support.
