

Settlements

**A World of Our Own
Year 5 - Spring Term 2026**

This term, we are focusing the majority of our learning on a geographic topic based on settlements and migration. Our learning will begin with our text, 'The Journey.'

The children will be using a range of maps to learn more about the world they live in.

Here is some information to help you support your child's learning throughout the Spring Term.

You could help your child at home by...

- *Encouraging your child to read regularly and discussing their reading with them.*
- *Reading to your child and sharing stories together*
- *Talk to your child about the reasons why members of your family may have moved and settled in new homes, towns or countries. Look at where your family origins are from and share this with your child.*
- *Using the internet for resources and information about settlements, refugeeism and migration.*
- *Encouraging your child to learn any spellings and/or tricky words which they are given.*
- *Practise recall of times tables. Use Times Tables Rockstars to help.*

Spring term PE days in Year 5 are: **Wednesdays and Thursdays for the first half term**

Please send your child to school in their PE Kit.

Please contact the Year 5 Team if you would like any more information or support.
