

**A world of our own:  
What is hidden in the rainforest?**

**What is hidden in the  
rainforest?  
Year 4- Summer Term 2026**

**This term we are focusing the majority of our learning on our history topic, looking at the geography of the rainforest and the history of the Mayan civilisation. We will start by investigating what we can find hidden in the rainforest and go on from there to find out about the Maya: how they lived and their legacy to us today. We will also spend some time studying the climate and geographical location of the rainforest, as well as the different wildlife that lives there.**

**Here is some information to help you support your child's learning throughout the Summer Term.**

**You could help your child at home by...**

- *Supporting your child each week with their homework, which will include maths, spelling and reading.*
- *Encouraging your child to read regularly and discussing their reading with them. This can include sharing stories.*
- *You could use the internet to find out more about the Maya and the rainforest*
- *Keep encouraging your children to learn their times tables, Times Tables Rockstars is a great way to do this.*
- *Ensure your child relaxes at the end of a school day and gets an early night.*

Please send your child to school in their PE kit on their PE days – these have been shared on dojo.
