

Exploring the Unknown

The Unknown Within
Year 6 - Summer Term 2026

This is a very special term for the children in Year 6. We will be reflecting on who we are as individuals when considering transition to Year 7. We will be preparing them for this important move with lots of conversation and reflection around the theme.

We will be exploring changes in our bodies as we grow and will explore how relationships develop and change.

We will explore the novel 'Pig Heart Boy' in our writing and reading.

Here is some information to help you support your child's learning throughout the Summer Term.

You could help your child at home by...

- *Encouraging your child to read regularly and discussing their reading with them.*
- *Turn on subtitles!*
- *Using the internet to research your child's next school.*
- *Encouraging your child to learn any spellings and/or tricky words which they are given.*
- *Practising quick recall of times tables. Focus on the multiplication facts that your child has not yet quite secured. Use Times Tables Rockstars or Hit the Button to help.*
- *Using the internet or providing support to practise maths that your child has not yet secured – we have discussed this in school – YouTube is a great resource for this.*

PE days in Year 6 are: Wednesday and Thursday. Please send your child to school in their PE Kit.

Please contact the Year 6 Team if you would like any more information or support.
